Product Description

Off-road RVs, tents, RVs, trailers, and RVs are durable, comfortable and convenient

peculiarity

With an impressive carrying capacity, it is the ideal campervan for large families or long journeys. This motorhome caravan is sturdy, practical and ready for your journey. Custom-designed and manufactured independent suspension and galvanized coated towbar to handle the roughest terrain.

Suspension system

We developed our own custom-designed trailing arm that allows each wheel to move independently, allowing for a smoother, more stable ride, whether on the highway or on rough terrain. Our quad suspension design spreads the load across four shocks instead of two, resulting in a smoother ride, safer operation, and longer suspension life.

Our Product Introduction

appearance

Large powder-coated kitchen with built-in cistern and built-in sink with plenty of space for cooking a big meal. There's plenty of storage space throughout the place to hold any equipment you need for an adventure of any length, including large drawers to hold any gear you might need. A large forward-mounted toolbox and huge tent storage provide plenty of space. Its galvanized chassis and kneaded rubber seals are designed to withstand harsh environments, keeping them unaffected all year round.

indoors

Equipped with a large 12-foot tent with a built-in sleeping platform and convertible sofa and bed space, it allows 5 people to get a comfortable night's rest. Heavy duty canvas tents can withstand harsh environments such as high temperatures, rain, bugs,

etc.

Comfortable, easy and quick to set up

A simple setup for two people takes less than 8 minutes to complete. The additional trailer attachment gives you plenty of space for a truly seamless indoor-to-outdoor life even in the most remote locations.

Easy to allocate space to keep all your gear tidy and easy to use.

Full 360° rotation and unmatched clarity mean you can tackle even steep slopes.

Long journeys are allowed without supplies.

The 100AH 12v battery keeps you powered on even in remote areas.
