Product Description

The hard-top trailer-mounted RV with large space is made of aluminum material and the lifting roof is rich in configurat

appearance

The CLASS is designed to be more compact and lightweight, with the same rugged appearance as other higher-spec series. Still with our revolutionary independent suspension, it can handle all off-road situations while providing a more compact, streamlined look for easy towing and parking. It is 8 feet high x 7 meters wide x 16 meters high and can be parked in some garages

Indoors

Somehow, we were able to pack all the same features of our premium touring trailer line into a single 12-foot hardtop trailer. A family of three can have plenty of space while having all the amenities you'd expect in a black caravan.
