### Product Description

En-suite bathroom, awning, kitchen system, circuit system, hard top camping trailer

#### Product Description:

The trailers come equipped with a lockable folding bar that provides you with a convenient space to prepare your meals. The bar counter is designed to provide ample space for your cooking utensils and ingredients. Additionally, the trailer has a kitchen system provided that includes a refrigerator, stove, and sink. This ensures that you have everything you need to make your meals while on the road.

The Hardtop Camp trailers are also equipped with an integrated fiberglass bathroom that comes with an exhaust fan and toilet. This ensures that you have a private and comfortable space to take care of your personal needs. The bathroom is designed to be easy to clean and maintain, ensuring that you can keep it in top condition during your travels.

The trailers come with a manual awning that has two brackets. This provides you with a convenient space to relax and enjoy the outdoors. The awning is easy to set up and take down, ensuring that you can quickly create a comfortable space to relax in after a long day of hiking or exploring.

The trailers are also designed with safety in mind. The door comes with multiple safety locks, ensuring that your belongings are secure while you are away from your trailer. The trailer also has separate built-in screen doors that provide ventilation while keeping bugs out. The Hardtop Camp trailers are also equipped with a high-efficiency monocrystalline flexible solar panel that is installed on the roof of the vehicle. The solar panel can provide up to 600W of power, ensuring that you have a complete power system while on the road. This ensures that you can power your appliances and devices without having to worry about running out of power.

In conclusion, the Hardtop Camp trailers are the perfect solution for your outdoor adventure needs. The trailers are designed to offer you maximum comfort and convenience while on the road. They come equipped with a lockable folding bar, an integrated fiberglass bathroom, a manual awning, a complete kitchen system, and a high-efficiency solar panel. These features ensure that you have everything you need to enjoy your travels without any hassle.
