Product Description

Dual shock absorber coil spring independent suspension, drive each stroke shock absorption smooth

Product Description:

The Highway Trailer RV is built on a homemade chassis, which provides excellent stability and durability. The chassis is designed to withstand the rigors of the road, so you can travel with confidence. The trailer is also equipped with electromagnetic signal conduction controls that help you control the brakes with ease.

One of the best things about the Highway Trailer RV is that it comes in a variety of colors. You can choose the color that best suits your style and personality. Whether you prefer something bright and bold or something more subdued, you're sure to find a color that you love.

The body exterior of the Highway Trailer RV is designed to provide maximum comfort and convenience. It features an awning that provides shade and protection from the elements, side windows that let in plenty of natural light, a parking leg that makes it easy to set up camp, a cabin door that provides easy access, and an external shower that lets you clean up after a day of adventure.

When it comes to the interior of the Highway Trailer RV, you'll find that it's just as impressive as the exterior. The interior materials are made from ENF grade bean curd board, which is a high-quality material that provides excellent insulation and durability. The floor is made from water-based ink floor leather that has been treated with a hot melt adhesive process, which makes it incredibly durable and resistant to wear and tear. The interior materials also have full fire protection coverage, which provides an extra layer of safety and peace of mind.

In conclusion, the Highway Trailer RV is an excellent choice for anyone who loves to travel and explore the great outdoors. With comprehensive customization support, a homemade chassis, a variety of colors to choose from, and a comfortable and convenient interior, this trailer is sure to become your home away from home.

Our Product Introduction

Features:

Product Name: Highway Trailer RV
Suspension: Dual Shock Absorbing Spiral Spring Independent Suspension
Body size: 5093*2260*2650mm Including Bracket, 3900*2260*2650mm No Bracket Included
Vehicle features: Battery + Solar Panel + Complete Living Equipment + Kitchen Equipment + Double Sofa Bed
Manufacturer: HuaZhiyu
Body exterior: Awning + Side Window + Parking Leg + Cabin Door + External Shower
Additional features: Electromagnetic signal transmission control brake, Vehicle level circuit design

Setup	Comfortable, Easy And Quick To Set Up
AKS Stabilization System	Customize
Special Feature	Extremely High Space Utilization And Retention Rate
Body Size	5093*2260*2650mm Including Bracket, 3900*2260*2650mm No Bracket Included
Brakes	Electromagnetic Signal Conduction Controls The Brake
Description	Cathodic Electrophoresis Process, Dual Shock Absorber Spiral Spring Independent Suspension, Vehicle Level Circuit Design

Applications:

The HuaZhiyu Panda392 Highway Trailer RV is a versatile and convenient travel option for adventurers and families alike. Its compact size and lightweight design make it easy to tow with most vehicles, while still providing ample space for living, sleeping, and storage. The following are some of the occasions and scenarios where the Panda392 can be used:

Camping trips: The Panda392 is the perfect choice for camping trips, whether you're heading to a nearby campground or setting up camp in the wilderness. Its compact size makes it easy to maneuver in tight spaces, while its awning, side window, and external shower provide extra convenience and comfort.

Road trips: If you're planning a road trip, the Panda392 is a great way to travel in style and comfort. Its spacious interior can accommodate up to four people, and its AKS stabilization system ensures a smooth ride even on bumpy roads. Plus, its vehicle level circuit design ensures that all systems are working properly while on the road.

Outdoor events: The Panda392 is also a great option for outdoor events like music festivals or sporting events. Its compact size and easy setup make it a breeze to transport and set up, while its PEX water pipe and PE water tank provide access to clean water and convenient washing facilities.

Temporary housing: If you need temporary housing for a job site or construction project, the Panda392 is a great way to provide comfortable and convenient living quarters. Its hot melt adhesive process for floor leather ensures a durable and easy-to-clean surface, while its extremely high space utilization and retention rate make the most of the available space.

Overall, the HuaZhiyu Panda392 Highway Trailer RV is a versatile and convenient travel option that can be used in a variety of occasions and scenarios. Its Electromagnetic Signal Conduction Controls The Brake car brakes provide reliable and efficient braking power, while its body exterior features like the parking leg and cabin door make setup and access a breeze. Whether you're planning a camping trip, road trip, or outdoor event, the Panda392 is a great choice that won't disappoint.
